

In The Specification

Please amend the specification as follows:

On Page 7, please replace the paragraph beginning at line 6 with:

B1 Fig. 4A illustrates server priority messaging and Fig. 4B illustrates client workstation priority messaging;

On Page 13, please replace the paragraph beginning at line 8 with:

B2 Only the server ~~14~~ 13 to client workstation 11 confirmation exception message is considered synchronous by the server 13. All other messages sent to the server 13 are asynchronous.
